

# What is a startup?

A startup company (startup or start-up) is an entrepreneurial venture which is typically a newly emerged, fast-growing business that aims to meet a marketplace need by developing a viable business model around an innovative product, service, process or a platform. A startup is usually a company designed to effectively develop and validate a scalable business model.

**Best Mobile App Award: Mycelium Android Wallet.**

**Please note that anyone who uses Version 1.0.0 Android Wallet from Nano Wallet, or who use Beta Android Wallet, update your app now to use Android Wallet 1.0.2 or later if you haven't updated your wallet seed to a new version of Safe Wallet Seed. Currently only the DCON Wallet support task book for Android phones, and the IOS system DCON Wallet will be updated on May 20.**
